PROFILE

Community operations and growth professional with 4+ years of experience in Web3, community management, social media, and project coordination. Experienced in managing online communities, supporting campaigns and events, coordinating teams, creating engaging content, and maintaining smooth day-to-day operations. Strong at communication, organisation, problem-solving, and execution, with a practical approach to building communities and supporting business growth.

EMPLOYMENT HISTORY

South Asia Community Lead

Aug 2023 – Present

Bitget Wallet

Led South Asia community operations, driving growth, engagement, campaigns, and regional initiatives. Supported 50+ campaigns, coordinated a 3-member moderator team, managed community/partner collaborations, and hosted 6+ Web3 meetups across India, strengthening regional community presence and user engagement.

Community Moderator

Apr 2025 – Present

Gensyn

Supported Gensyn's Discord community, helping members navigate technical discussions, RL Swarm, node participation, and ecosystem updates. Contributed to community engagement, moderation, and educational initiatives, while also supporting and hosting 1+ community meetup.

Ambassador

Mar 2025 – Present

PancakeSwap

Supported PancakeSwap's community growth and social presence in India through regional engagement, campaign promotion, and community initiatives. Hosted 3 community events and contributed to local ecosystem activation and user engagement.

Community Manager

Apr 2024 – Dec 2025

Transcend Labs

Managed communities across multiple Web3 projects, including WiCrypt, Xend Finance, BIGA Arcade, Griffin AI, eventflo, and UNA. Handled day-to-day community operations, engagement, campaign coordination, content, and communication across different client ecosystems.
